15) Each godown has a staff of its own & must necessarily have one shi: a one Rev. Insp^r one or two Carks. & some attenders or Cooks whatever we may call them.

16) The idea was to have trained gangs for Cyanogasing & that in each godown the godown staff should assist the Cyanogasing staff and there is no need for therefore for any supervision further except the fieldmen because the officers in charge of the godown & the sanctioned staff are expected to see to the proper Cyanogasing & supervise the work of the gangs that work in the godowns.

OFFICE OF THE MINISTER FOR REVENUE No. 4029 Date 14/7/45

17) Mere multiplication of superior officers like Sheristadars or Rev Insp^rs would mean more bickerings & minor deficits than efficiency. There appears to be therefore no need for a Spl Sheristadar.

18) Re. The gangmen there is no need to raise the pay from 15- to 18 + D.A.

I have no objection to two more gangs of 4 each if this is necessary.

The gangs have to work on a definite programme in the interest of efficiency. As the gangs move from godown to godown it is not possible for the Godown Revenue Inspectors to supervise and watch their movements outside their particular buildings. The Fieldmen are low paid officials and are not capable of exercising effective supervision over the gangs. I consider it necessary to have the small extra establishment proposed and the cost will be more than repaid in the quantity of grains saved. As regards raising the pay from Rs. 15/- to Rs. 18/-, it is found that there is need to improve the pay so as to get useful persons who stay for some time. Labourers have attractive offers nowadays and are chary of staying in at Rs. 15/-, especially as the work is of a taxing character.

There is no movement of these gangs outside the godowns to be watched by any one at all and it is therefore not clear to me why anyone is necessary to watch such movements. Regarding increase in pay, I think these labourers are given Dearness Allowance and it may not be correct to say that it is difficult to get labourers on Rs. 15/- + D.A. for this type of work.

FINANCIAL SECRETARY 4290 21 OCT. 1945 GOVT. OF MYSORE

No.B2.C.3579/44-45

Office of the Director of Food Supplies in Mysore,
Bangalore, Dated 25th January 1945.

To

The Secretary to the Government of Mysore,
Development Department (Supplies),
Bangalore.

Sir,

I have the honour to state that the pest control work in godowns in Bangalore City has been growing both in volume and in importance. At present, there are under the Secretary, Foodgrains preservation Committe two gangs of 4 men each under a maistry. One of these gangs has been pu on the work of cyanogassing under the supervision of an Assistant Sanita Inspector lent from the Public Health Department while the other is employed on the work of cleaning and fumigation of grains. The Secreta Foodgrains Preservation Committee, represents that in practice this staf of 8 men is found utterly inadequate for efficient sanitation work in al the godowns, and wants the number of gangs under him to be augmented to 4 which he considers as the minimum necessary for this work in Bangalore City.

2. These gangmen are now being paid a ~~xkxx~~ salary of Rs.15/- p.m. in addition to the usual dearness allowance. In view of the arduous nature of duties demanded of them and the present dearth for labour on account of the varied military activities coupled with the high cost of living, it is found that these men have not been sticking on to their jobs for l

3. Further the Secretary, Foodgrains Preservation Committee, who is a technical Officer having to supervise, in the absence of any assistance routine sanitation and pest control operations has been finding it ine creasingly difficult to devote sufficient attention and time to the experimental side of the problem entrusted to him by the committee.

4. This subject had also come up for discussion at the meeting of the local Officers of the Food Department held in my office on 5-1-1945 and in order to improve and develop sanitation work the importance of which need hardly be emphasised and to make the conditions of service for gangmen more attractive and also to relieve the Secretary of the routine duties of supervision of sanitation and pest control work, so as to perm greater attention being bestowed on more technical matters, it was decid that the staff of the Secretary be augmented by one Special Sheristedar for executive work to assist in routine duties and 8 more gangmen, the pay of the gangmen also being raised from Rs.15/- to Rs.18/- besides the usual dearness allowance (extract of the resolution copied in the margin)

5. In the circumstances, I have the honour to request that the sanctio of Government may kindly be conveyed to the appointment of a special sheristedar on a pay of Rs.80/- plus C.A. of Rs.20/- p.m. and to entertain more gangs of four men each, raising the present pay of the gangmen also from Rs.15/- to Rs.18/- p.m. besides the usual dearness allowance.

6. The four fieldmen on Rs.25/- sanctioned for work under the Secretar Foodgrains Preservation Committee, are not in receipt of any conveyance allowance. As these fieldmen have to visit ~~akk~~ in the course of their duties all the godowns in Bangalore city, I also recommend payment of a conveyance allowance of Rs.5// per mensem to each of the fieldmen.

I have the honour to be,
Sir,
Your most obedient servant,

Director of Food Supplies.

DV.3.

* Extract of resolution.

6) The Secretary, Foodgrains Preservation Committee is requested to send a proposal for increasing the pay of the menials from Rs.15/- to Rs.18/- a month and for augmenting the staff by a special sheristedar for executive work and 8 more peons. A C.A. of Rs.5/- may be recommend ed to fieldmen.

Sir,

APPOINTMENT OF ADDITIONAL STAFF FOR SANITATION AND PEST CONTROL WORK IN BANGALORE CITY.

With reference to your letter No.SD.6185/A.87-44-9 dated 9/10-4-45 on the above, I have the honor to state that, according to the previous programme sent with my letter No.FPC.418 dated 3-11-1944 it was considered sufficient if the godowns were visited once a fortni for cyanogassing and cleaning work and consistently therewith the appointment of 2 gangs was proposed. It is ascertained from the Secretary, Food Grains Preservation Committee that one of these gangs is placed under the Assistant Sanitary Inspector exclusively for the cyanogassing of rat holes. Only one gang is therefore available for general cleaning and sanitation work who, in addition, have to assist during fumigations, whenever necessary, in restacking bags inside and airtight rooms of godowns suitable for this operation. As the godown are scattered in different parts, the existing staff have been finding it extremely difficult to cope with the expanding volume of work effi-ciently with the desired regularity. It is also more desirable that the general cleaning and pest control work is done once a week than at fortnightly intervals as at present.

2. I therefore recommend again early sanction to the staff proposed in my letter No.B?-c.3579/44-45 dated 26-11-1945.

3. As regards payment of conveyance allowance to the existing four fieldmen, I herewith ~~send~~ enclosed a copy of letter No.SC.153/44-45 dated 29-5-45 from the Director of Agriculture agreeing with me regard the necessity for this allowance. I solicit early orders of Governme in the matter.

I have the honor to be,
